Northgate Ward

Virginia, Banyo, Nudgee + Nudgee Beach Update

Lord Mayor Adrian SCHRINNER

A message from Adam

As another year draws to a close it has been satisfying and insightful to reflect on what has been delivered in Northgate Ward over the past few years.

As your local Councillor, I've worked hard to ensure our Ward gets its fair share. I am really proud of our local suburbs, and I remain committed to working with residents to deliver constant improvements in our community. As a result of feedback, I am continuing to progress existing projects and have some new initiatives in the planning stages.

A wide range of projects have been delivered including over 100 park upgrades, more than 150 road projects, and numerous other projects including new pedestrian bridges, bikeways, facility upgrades and much more.

I have thoroughly enjoyed getting out and about, attending hundreds of community events and meeting local residents. I have provided grants to numerous sporting clubs and community organisations to ensure they can continue to deliver their services and programs.

It has been a pleasure working with residents to deliver these projects that enhance our community and maximise our great Brisbane lifestyle.

I am always keen to hear from residents about ideas and improvements in our community as we work together making the Northgate Ward of tomorrow even better than today.

Cr Adam ALLAN
Councillor for Northgate Ward

Delivering for our local area

I know I'm not alone when I talk of my pride for our local suburbs, and for good reason. The Northgate Ward is a great place to live, work and relax. Residents enjoy easy access to key public transport infrastructure, good proximity to the motorway and the airport, in addition to a great range of inviting parks and bikeways.

My main motivation continues to be improving our public spaces and upgrading our transport network. That means better parks, roads, bikeways and amenities, plus more opportunities for recreation and fun in our local area.

While much has been achieved over the past few years, we are just getting started. I have a vision to make this area even better. There are a range of exciting projects and initiatives that have been announced, or are in the planning stages, which will provide great outcomes for local residents in coming years including the upgrade of Nudgee Recreation Reserve into a first class sport and recreation precinct.

The Banyo Northgate Neighbourhood Plan will open up opportunities supporting future jobs in the area, along with protecting key character housing and support more varied housing options for residents.

Have your say

I'm proud to share this selection of projects delivered by Council for your area since I've been Councillor for Northgate Ward. Please contact my office if you'd like to learn more, or if you have any suggestions for local upgrades. I look forward to making our community even better in the future.

Cr Adam ALLAN

Northgate Ward

Council Upgrade Highlights

H1 Improving Nudgee Recreation Reserve

- ✓ Undertake community consultation for ideas to help shape the 'look and feel' of the final concept design for the Nudgee Recreation reserve improvement project
- ✓ Released the draft concept plan following community engagement and feedback
